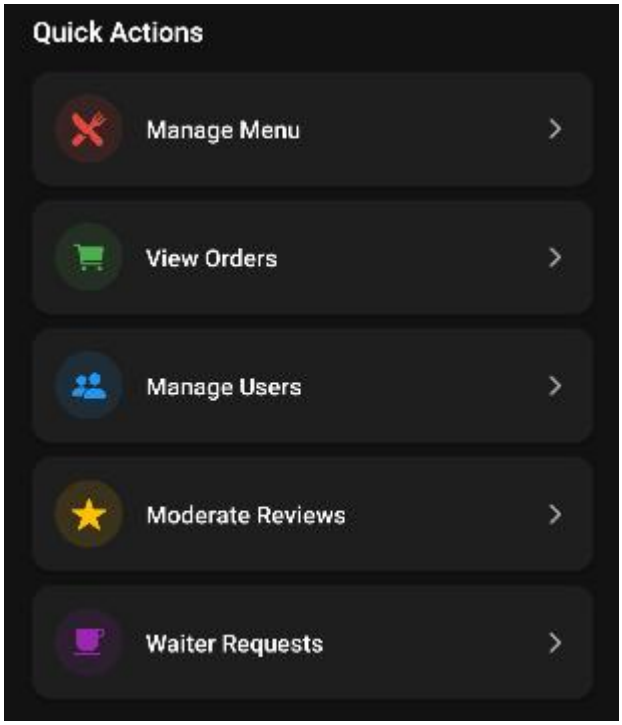
-Reviews – Total reviews submitted

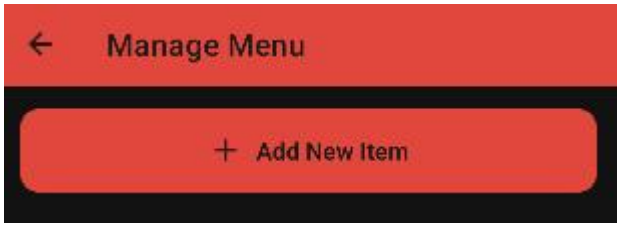
2.2 Quick Actions



1.Tap any button to go to:
-Manage Menu
-View Orders
-Manage Users
-Moderate Reviews
-Waiter Requests

3. Managing Menu

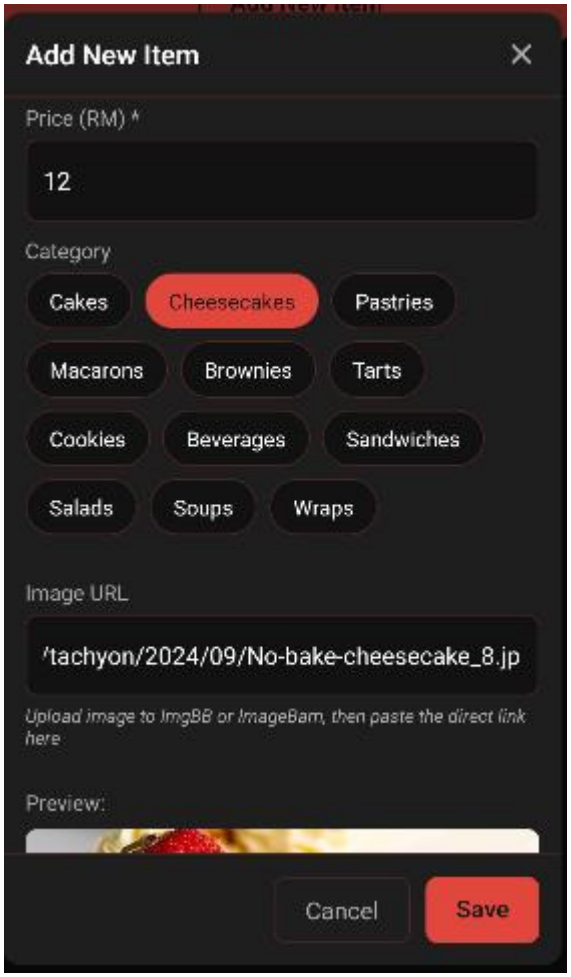
3.1 View All Items



1.All menu items appear with name, category, price, image

2.Each item has Edit (pencil) and Delete (trash) buttons

3.2 Add New Item



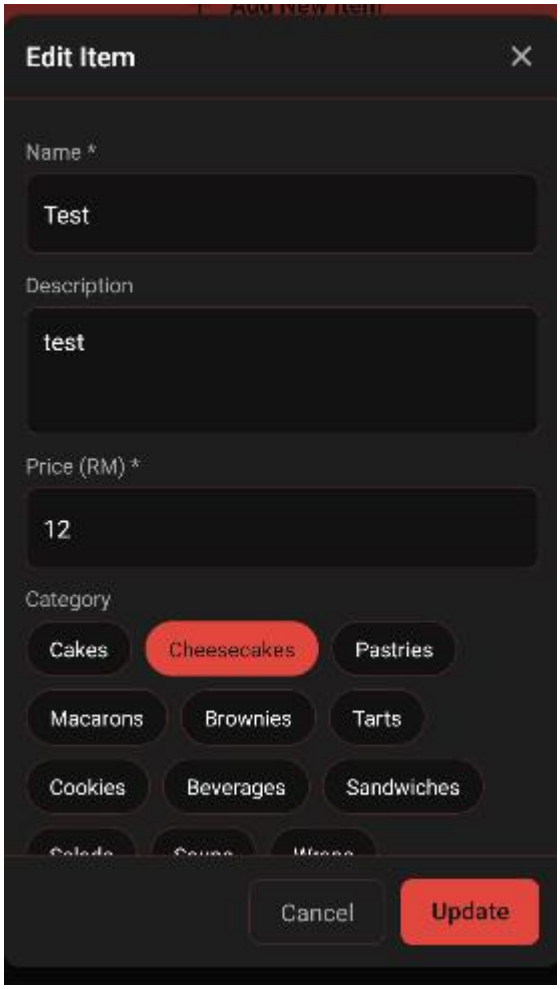
1.Tap "Add New Item"

2.Fill in:
-Name (required)
-Description
-Price (required)
-Category (select from dropdown)
-Image URL (paste direct link from ImgBB or ImageBam)

3.Preview image appears if URL is valid

4.Tap "Save"

3.3 Edit Item

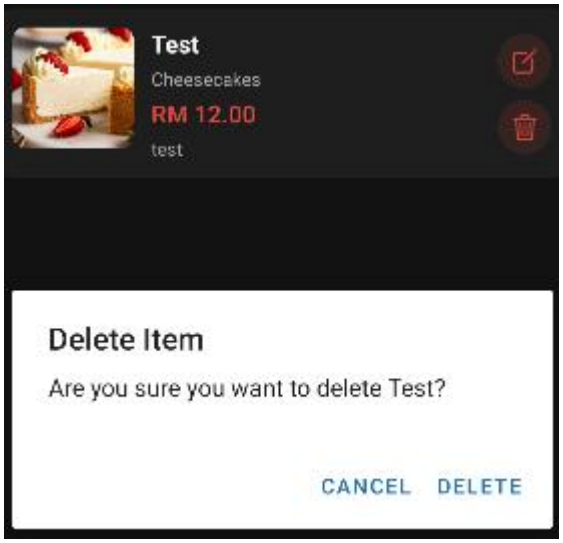


1.Tap pencil icon on any item

2.Update fields as needed

3.Tap "Update"

3.4 Delete Item



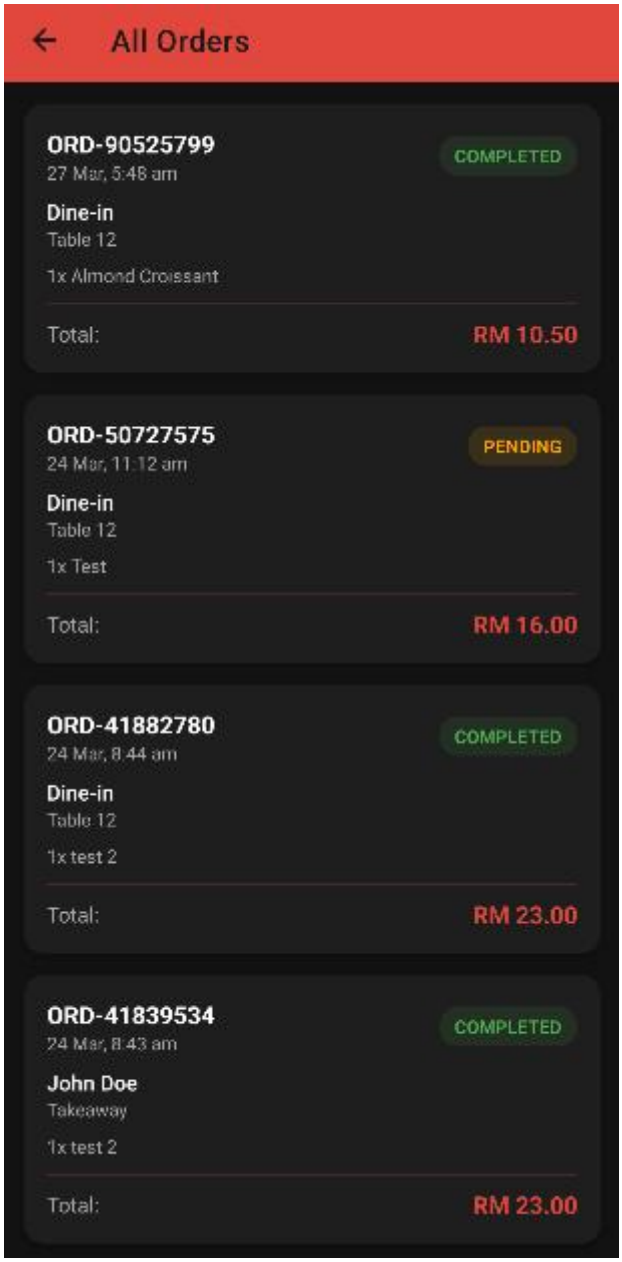
1.Tap trash icon on any item

2.Confirm deletion

3.Item removed from menu immediately

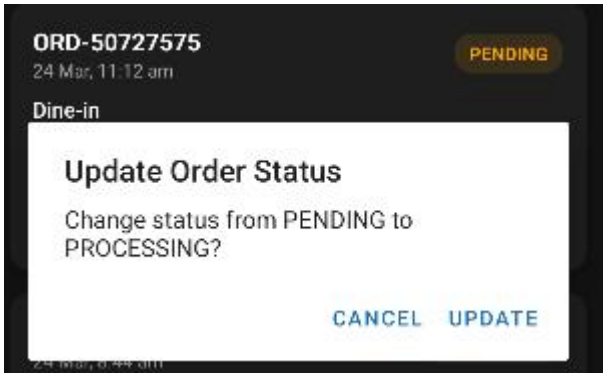
4. Managing Orders

4.1 View All Orders



1.All orders appear with:
-Order number
-Date/time
-Customer name
-Order type (Dine In / Takeaway)
-Total amount
-Status badge

4.2 Update Order Status



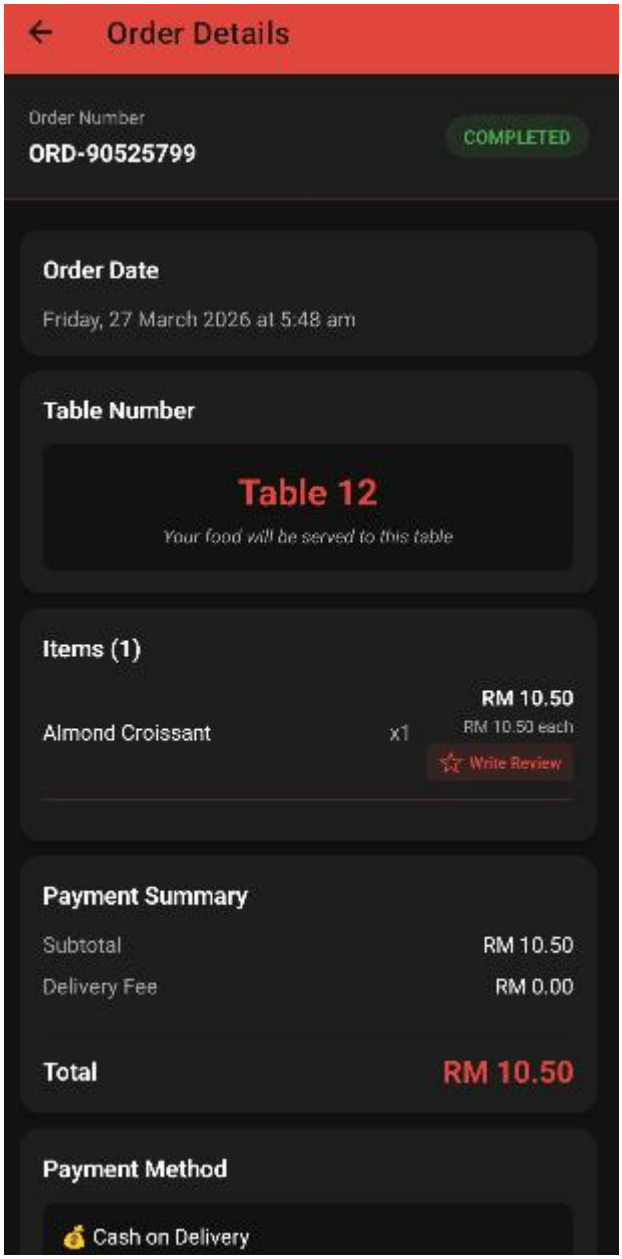
1.Tap the status badge on any order

2.Status cycles: PENDING → PROCESSING → COMPLETED → CANCELLED

3.Confirmation popup appears

4.Customer sees "UPDATED" badge in their order history

4.3 View Order Details

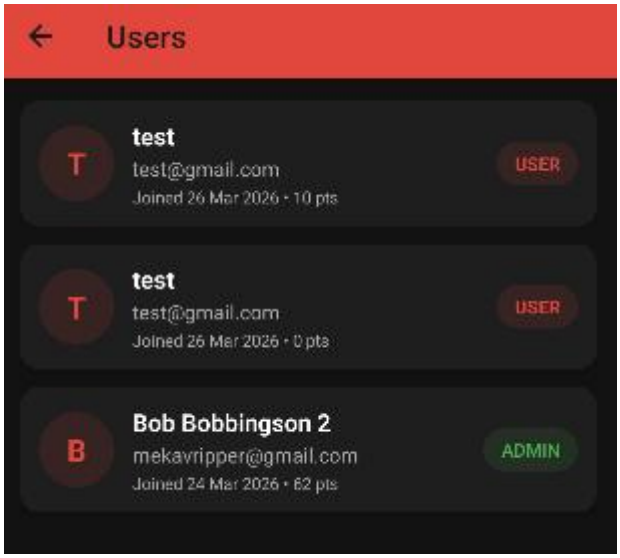


1.Tap any order card to see full details

2. View items, payment method, address/table number

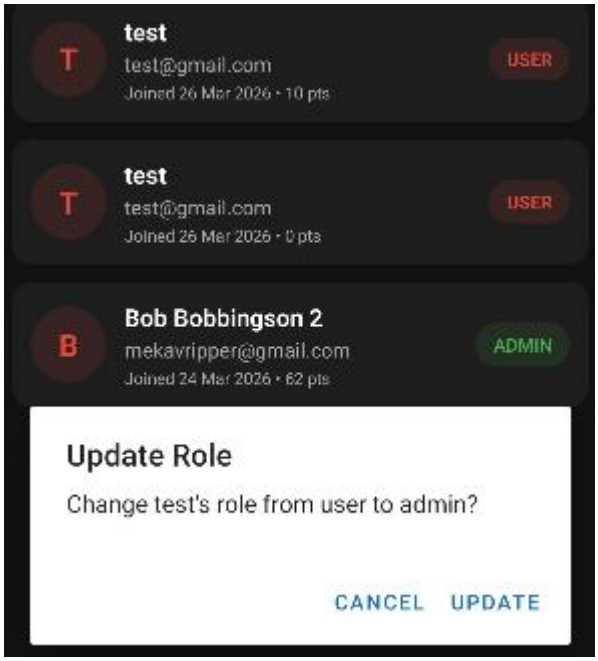
5. Managing Users

5.1 View All Users



1.All registered users appear with:
-Name
-Email
-Join date
-Points
-Role badge (USER / ADMIN)

5.2 Promote/Demote Admin



1.Tap the role badge (USER or ADMIN)

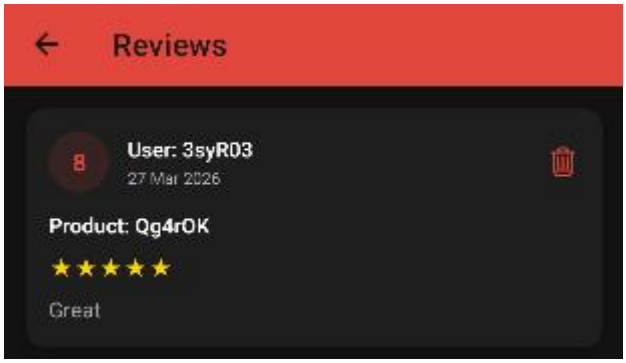
2.Confirm action

3.User role updates immediately

Note: You cannot demote yourself (prevents lockout)

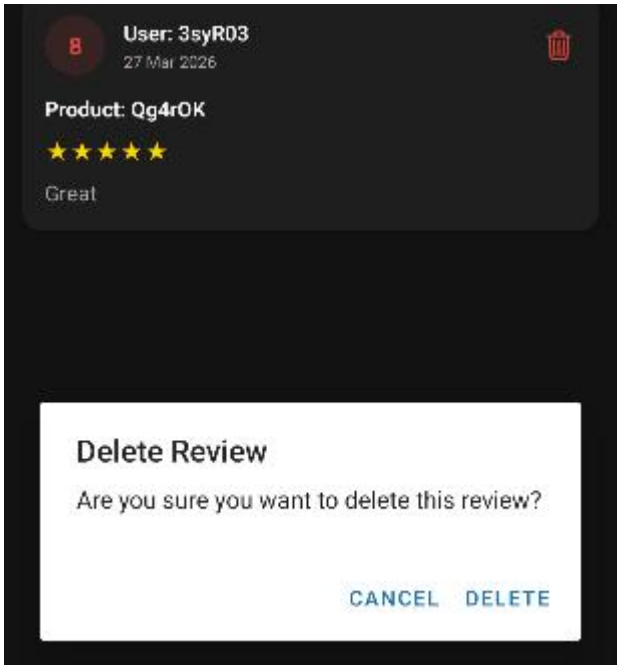
6. Moderating Reviews

6.1 View All Reviews



1.All customer reviews appear with:
-User ID
-Product ID
-Rating (stars)
-Comment
-Date

6.2 Delete Inappropriate Reviews



1.Tap trash icon next to any review
